

Eurasian Colorectal Technologies Association (ECTA)

President: F. Seow-Choen

1st BIENNIAL MEETING

New technologies in colorectal surgery

Joint Meeting with the Chinese Colorectal Societies

Chairman: P.J. Wang

13–15 November 2009

Guangzhou/Canton, China

www.ecta2009.com

Speakers (provisional list): F. Aigner (Austria), D.F. Altomare (ISUCRS, Italy), A. Arezzo (Italy), P. Berloco (Italy), G.A. Binda (Italy), L. Cui (China), P.P. Dal Monte (Italy), P. De Nardi (Italy), J.M. Devesa (ISUCRS, Spain), Y.J. Ding (China), E. Scapa (Israel), O. El Sibai (Egypt), Ch.G. Fu (China), T. Fukushima (Japan), G. Gagliardi (USA), J. Gu (China), P. Gupta (India), C. Ho-Kyung (Korea), L. Hultèn (Sweden), I. Khubchandani (ISUCRS, USA), F. Konishi (AFCP, Japan), P. Kosorok (Slovenia), S. Kwok (Hong Kong), S. Kudo (Japan), P. Lan (China), C. Lahr (USA), P.A. Lehur (France), E. Lezoche (Italy), Y.H. Liu (China), K. Maeda (Japan), M. Match (USA), K. Matzel (ESCP, Germany), G. Milito (Italy), H. Myrvold (Norway), M. Oncel (Turkey), M.C. Parker (ESCP, UK), D. Pavalkis (Lithuania), M. Pescatori (Italy), J. Pfeifer (Austria), R.K.S. Phillips (UK), V. Piloni (Italy), M. Rabau (Israel), G. Romano (ESCP, Italy), H. Rosen (Germany), G. Salgado (Spain), F. Seow-Choen (Singapore), A. Shafik (Egypt), P. Sheikh (IACRS, India), T. Skricka (ESCP, Czech Republic), F. Spinelli (Italy), P.P. Tekkis (UK), Zh.G. Tian (China), P. Tsarkov (Russia), J.P. Wang (China), Zh.J. Wang (China), E. Xynòs (MSCP, Greece), S. Yeretsian (Canada), Y.P. Zhao (China), A.P. Zbar (Australia), Z.G. Zhou (China), Y. Ziv (Israel)

PRELIMINARY PROGRAM

EAST-WEST COOPERATION IN COLOPROCTOLOGY: new technologies
COMPLICATIONS: how to avoid them, how to treat them
INTESTINAL ANASTOMOSES: reusable Chinese vs. disposable American staplers; Niti compression anastomosis
LAPAROSCOPIC COLORECTAL CANCER: total vs. hand-assisted
RECTAL CANCER: MITAS liver metastases from CRC; HIFU; volumetric studies
IMAGING: PET; anorectal 2D and 3D US; evacuation sonography; (US) defecography; dynamic MRI
OBSTRUCTED DEFECTION AND RECTAL PROLAPSE: STARR and trans-STARR, lights and shadows; synthetic and biological meshes for rectoceles and enteroceles
CONSTIPATION: intestinal pacing; hydrocolonlavage; US biofeedback

ENDOSCOPY: videocapsules; endoscopic mucosectomy and clips suturing; magnification chromography and dye spraying; NOTES; double and single balloon enteroscopy
ROBOTIC SURGERY: costs and benefit
FECAL INCONTINENCE: artificial bowel sphincter; dynamic graciloplasty; bulking agents; acupuncture vs. neuromodulation; rehabilitation enhanced sphincteroplasty; anal canal encirclement; biofeedback and electrostimulation
HEMORRHOIDS: Chinese vs. US PPH; RBL; infrared coagulation; radiofrequency plication and ablation; LigaSure; THD; ultracision; manual vs. stapled pexy
ANAL FISTULAE: fibrin glue; ayurvedic seton; Infliximab
ANAL FISSURE: surgical vs. chemical sphincterotomy; botulin toxin; prevention by means of a new toilet
USE AND ABUSE OF NEW TECHNOLOGIES

250 words structured abstracts (background, methods, results, conclusion) may be sent to: pp@ppdalmonete.org and dryziv@gmail.com. Deadline: 31 August 2009.

Those selected for poster or podium presentation will be published in Techniques in Coloproctology (official Journal of ECTA) provided that at least one of the presenting authors is an ECTA member.

Local Organizing Committee: L. Cui, Y.J. Ding, Ch.G. Fu, J. Gu, P. Lan, Y.H. Liu, Zh.G. Tian, J.P. Wang, Zh.J. Wang, Y.P. Zhao, Z.G. Zhou (For further informations, please contact: wxfmqy2003@yahoo.com)

ECTA Scientific Committee: P.P. Dal Monte, K. Maeda, B. Roche, Y. Ziv (For further informations, please contact: dryziv@gmail.com)
